1. The Commission on the Status of Women, established in 1946, was the first of its kind. It was created by the United Nations to promote gender equality and to monitor the progress of women's rights. The Commission has since become a permanent body, and its work is now carried out by the Economic and Social Council.

2. The Commission's mandate is to promote gender equality and to monitor the progress of women's rights. It does this by holding regular sessions, where it discusses and makes recommendations on various issues related to women's rights. The Commission also has a secretariat, which is responsible for carrying out its day-to-day work.

3. The Commission's work is based on the principle of gender equality. This means that men and women should have equal rights and opportunities. The Commission's recommendations are aimed at ensuring that this principle is put into practice. It does this by making recommendations on various issues, such as education, employment, and health.

4. The Commission's work is also based on the principle of non-discrimination. This means that women should not be treated differently from men on the basis of their sex. The Commission's recommendations are aimed at ensuring that this principle is put into practice. It does this by making recommendations on various issues, such as education, employment, and health.

5. The Commission's work is also based on the principle of participation. This means that women should be able to participate in the decision-making process. The Commission's recommendations are aimed at ensuring that this principle is put into practice. It does this by making recommendations on various issues, such as education, employment, and health.

6. The Commission's work is also based on the principle of solidarity. This means that women should be able to support each other. The Commission's recommendations are aimed at ensuring that this principle is put into practice. It does this by making recommendations on various issues, such as education, employment, and health.

7. The Commission's work is also based on the principle of justice. This means that women should be able to access justice. The Commission's recommendations are aimed at ensuring that this principle is put into practice. It does this by making recommendations on various issues, such as education, employment, and health.

8. The Commission's work is also based on the principle of equality. This means that women should be able to have the same opportunities as men. The Commission's recommendations are aimed at ensuring that this principle is put into practice. It does this by making recommendations on various issues, such as education, employment, and health.

9. The Commission's work is also based on the principle of respect. This means that women should be able to have their rights respected. The Commission's recommendations are aimed at ensuring that this principle is put into practice. It does this by making recommendations on various issues, such as education, employment, and health.

10. The Commission's work is also based on the principle of dignity. This means that women should be able to have their dignity respected. The Commission's recommendations are aimed at ensuring that this principle is put into practice. It does this by making recommendations on various issues, such as education, employment, and health.

Fire Alarm Telegraph.

INSTRUCTIONS TO KEY-HOLDERS—Key-holders upon positive information of a fire, will unlock the box, and if the City Hall bell or the small bell in the box is not striking, pull the hook easily down to the end of the slide once and let go immediately. Do not pull a box when the City Hall bell or the small bell in the box is striking, as in that case a box is already running, and to pull a second one would confuse the firemen. After pulling a box, remain, if possible, until the steamers arrive, to direct them to the fire. If you hear no clicking sound in the box after pulling the hook, go to the next nearest box and give the alarm from that.

Do not give an alarm for a fire at a distance, *nor for a burning chimney*. Do not pull a box more than once. Be sure the box is locked before leaving it.

After an alarm from a box, the police repeat the number of the box ten times on the City Hall bell. The District Telegraph signal 2-1-1 will not be repeated.

The box is of iron and double, and the inner one is inaccessible except to those in charge of the telegraph and the Chief Engineer. One single stroke of the City Hall

bell and engine-house gong is not given for an alarm of fire. Alarms will be sounded on the fire-bells thus: For box five, five strokes, 1-1-1-1-1 with short intervals, and repeating. For box thirty-two, three strokes, 1-1-1, a pause, then two strokes, 1-1, a pause, and repeating. Alarms for other numbers are given in like manner.

When Steamers Nos. 1 and 2 are wanted in the vicinity of a box to which those companies do not respond, *two* blows will be struck on the fire alarm. When Hose No. 3 is wanted, *three* blows will be given. When Steamer No. 4 is wanted, *four* blows will be given. When Hose No. 1 is wanted, *three single* blows, with a pause of *ten seconds* between each stroke will be given. When Hook and Ladder No. 1 is wanted, *five* blows will be given. When Hook and Ladder No. 2 and Hose 6 are wanted, *six* blows will be given. When *ten* blows are struck on the Telegraph after an alarm of fire, the entire Fire Department and the Government Steamer, Water Spout, will respond without further notice.

Companies *not* responding to the first alarm from a box will remain at their quarters *thirty* minutes, unless sooner dismissed.

Companies receiving a signal will wait *thirty seconds* before leaving their quarters to avoid mistaking an alarm from *another box* for a signal.

One blow after an alarm signals the fire extinguished or under control, and companies not in action will dismiss.

Fire and Building Districts.

That part of the City embraced between Union street and Ferry and Cypress streets, and between the Connecticut river and Maple and Chestnut streets, and also one hundred and fifty feet each side of Main street, from Union south to Fremont and Central, and from Ferry and Cypress north to Bradford and Carew streets, is declared by law a fire district, within which wooden buildings are not allowed to be erected. The same portion of the city is also declared to be a building district, and the Chief Engineer of the Fire Department is appointed Building Commissioner and receives a salary of \$50 a year for service in that capacity. Within this district, according to the law, no building shall be erected till the plans and specifications thereof, so far as they indicate the material, height and thickness of the walls, and the material of the roof and cornices and other projections, shall have been approved by a commissioner appointed for that purpose. Whoever shall commence or authorize the erection of any building within said fire limits without having first obtained the approval of the plans and specifications thereof by the said Building Commissioner, in accordance with the provisions of this Ordinance, shall forfeit and pay a penalty of Twenty Dollars for each offence; and it shall be the duty of the Mayor, whenever notified of any violation of this Ordinance, to take measures to prevent, by injunction or otherwise, the erection of any such building.

FIRST CHURCH OF CHRIST—Court square, between Elm and Court streets. Founded 1637. Rev. E. A. Reed, pastor; settled June, 1871; salary, \$4,000. Residence, 97 Spring street. Deacons, Benjamin Eldridge (retired), John R. Hixon, Roderick Burt, Samuel R. Newell, Henry Morris, Austin L. Leonard, Joseph L. Shipley. The pastor is *ex officio* superintendent of the Sabbath school and Bible service, with William H. Haile and William B. Parker as assistants.

Meetings—Sunday, at 10.30 A. M., with preaching. Sabbath school and Bible service at 2.20 P. M.; evening service in winter at 7 P. M., and in summer at 7.30 P. M. Monday evening, young people's prayer-meeting at 7.30 P. M. in winter, and 7.45 P. M. in summer. Thursday evening, regular church prayer-meeting at the chapel at 7.30 P. M. in winter, and 7.45 P. M. in summer. Neighborhood prayer-meetings are held in different parts of the city Friday evenings.

The former pastors of this church were Rev. George Moxon (1637—1652), Rev. Peletiah Grover (1661—1672), Rev. Daniel Brewer (1693—1733), Rev. Robert Breck (1736—1785), Rev. Bezaleel Howard, D. D. (1785—1809), Rev. Samuel Osgood, D. D. (1809—1862), Rev. Henry M. Parsons (1864—1870).

The number of church members is about 780, of whom a full score are over 80 years of age, and about sixty are non-residents. The average attendance at the Sunday morning preaching services is about 600. The Sabbath school has a membership of 603, and for the first half of the present year had an average attendance of nearly 475. The benevolent contributions of the church for the year 1877 were about \$4,000. The ladies of the church and parish have a benevolent society, which meets fortnightly, except during the summer months, and which during the past year has furnished

many needy families in the parish with clothing, besides sending a generous supply of clothing and family supplies to a home missionary at the West, and doing considerable sewing for foreign missionaries in Australia and Micronesia, whither two members of the society have gone as missionaries during the past year.

The parish committee for the current year is J. L. Johnson, N. C. Newell, H. B. Lane, W. H. Wilkinson and E. C. Rogers. The sexton is Oliver E. Perry, who is also parish collector and renter of seats. His office is at Draper's drug store, Haynes's Hotel block.

Women's Christian Association.

Rooms No. 8, Barnes's Block, 394 Main street. Officers of the association in Springfield: President, Mrs. H. E. Hollister; vice-president, Mrs. Pliny Wood; recording secretary, Mrs. A. M. Butterfield; corresponding secretary and treasurer, Mrs. A. F. Jennings.

The object of this association is the improvement of the religious, intellectual, social and temporal welfare of women in this city, especially young women. To those who are supporting themselves here away from their home, its open and free reading-rooms and sociables, afford pleasant recrea-

tion and rest, and an opportunity is thus afforded them for making acquaintances and friends.

Pastors and parents in other towns would help the work by giving to their young women, coming to Springfield for employment, letters of introduction to this society; assistance in finding suitable boarding-houses and employment is given, and also attention in sickness.

A prayer-meeting is held every Tuesday at 3 p. m., and the remainder of the day devoted to making garments for the poor.

A children's sewing-school meets at its rooms on Saturday afternoon; the object of this school is the instruction of young girls in sewing. Materials are furnished, and such garments as are made by the pupils are given them; the average number of the pupils is about fifty.

Applications for watchers for the sick should be made to Mrs. J. T. Chapman, 30 Bliss st., or Miss A. P. Gilbert, 51 Court st.

Women wishing employment, also those desiring to procure help, can receive aid by applying at the rooms in Barnes's Block, where some members may be found each day, from 12 o'clock noon to 2 p. m., for the purpose of assisting young women to obtain good boarding places or employment in good families.

Homes for Friendless Women and Children.

These two institutions were formerly conducted under one roof, at No. 62 Union street, a corporation for this purpose having been organized in 1865, by ladies interested in the reform of fallen women, the relief of the needy and the care of destitute children. The number of inmates increased so rapidly, however, that in the course of a few years it became necessary to provide another establishment, and in 1871 the Home for Children was built on Buckingham street; since which time the house on Union street has been used for the reception of adults only, or for mothers with infants.

The institutions have continued under the direction of the same corporation, which is composed of sixty ladies, representing all the different religious societies of the city.

The government is vested in a Board of Managers, consisting of thirty ladies, chosen

annually by the corporation from their own number. An advisory committee of seven gentlemen is also annually appointed by the same, whom the managers consult in respect to all intricate questions.

A meeting of the Board of Managers is held at the Homes alternately, once in two weeks, on Friday afternoons, notice of which is always given in the morning paper of that date.

The annual meeting of the corporation occurs on the second Wednesday of October. The officers for the present year are as follows: President, Mrs. Solymán Merri-ck; vice-presidents, Mrs. Horace Kibbe and Mrs. Gurdon Bill; clerk, Mrs. Alex. B. Forbes; treasurer, Mrs. Heman Smith; corresponding secretary, Mrs. John R. Hix-son; auditor, Mr. Charles Marsh. The Union street Home was purchased by the corporation for \$5,000.

The cost of the Children's Home was \$16,000, both of which amounts were raised by the subscriptions of our citizens, aided somewhat by those of the neighboring towns.

The current expenses of the institutions have been met through the same source, a generous response being always made to the annual solicitations of the managers, while the adjacent towns have never forgotten their contributions to the same good cause.

Applications for admission to either Home may be made to the board of managers at their regular meetings, or to the officers of the institutions at any other time.

The Public Schools.

Superintendent, A. P. Stone. Office, City Hall; office hours, 12 to 1 p. m., during school days, and from 10 to 12 on Saturdays.

There are 109 teachers employed in our public schools, and 12 in evening schools. The number of pupils in the day schools the past year was 5,877, and in evening and draughting schools, 486. The total value of school-houses and lots in the city is \$550,000, and a large sum is expended annually for improvements and repairs, to keep the schools up to their present standard. Yet by common consent, the money yields handsome returns, even according to a mere pecuniary view of the matter. For many people are induced to come here and settle,

because of the attractive, well-furnished school-buildings and neat yards, and especially because of the superior educational advantages the children may have here. There are no vacant school-rooms, except in remote districts. From the north and south portions of the city, as well as from the center, there is a call for more room. It is certainly a healthful sign. There are also a few hundred pupils in private schools. But the instruction given in our public schools is so thorough, and the training so excellent, that the attendance is not likely to be diminished by any rival efforts.

Except on Worthington and Central streets, each of the large school-houses is occupied by a Grammar school, divided into several grades, as the different attainments of the pupils require. Around this, in the smaller old school-houses, are the primary schools of the group. On Worthington and Central streets, the grammar school and primaries are in one building.

Children beginning in the primary school in four years are prepared for the grammar school; here they study five years, rising through successive grades to the High School, where, in four years more, they are fitted for college, the seminary, or for business, and so well fitted that Yale, Harvard, and the other colleges readily admit our pupils, and sometimes into advanced classes.

There is one ungraded school, and to this the truant officers, by kind and judicious efforts, gather many children who would otherwise lose the advantages of education.

The truant school is at the almshouse.

In the High school, scientific subjects receive more attention than formerly. Apparatus valued at \$3,500 is provided for instruction in philosophy and chemistry; and lectures connected with these branches are given every Friday afternoon. There are also two free draughting-schools, one on State street and one at Indian Orchard, in both of which there are 132 pupils.

Below will be found the location of the different schools and names of teachers:

Library and Museum of Natural History.

Located in new Library building on State street, above Chestnut, and open daily.

The number of volumes, May 1, 1878, was 40,612, exclusive of unbound pamphlets; 1,065 volumes have been added the past year. There are now about 1,200 subscribers. The number of books drawn from the circulating department, the past year, was about 40,000. During that time 6,461 persons have availed themselves of the free use of the library for reading and consultation on the premises, and the total number of books delivered on the call cards has been 11,900. The Directors intend to purchase all the new works of popular interest as they appear, and are also continually adding to the Library standard works of permanent value in the various departments of literature, science and art. Subscribers paying one dollar are entitled to the use of the Library for one year, and can draw one volume at once, and exchange twice a week at the Library hours.

The Library is open on Monday from 12 o'clock to 9 P. M., and on every other week day except the legal holidays, from 10 A. M. until 9 P. M.

Catalogues are furnished to subscribers for use in the library, and are also for sale to those who wish to purchase.

Officers—President, Daniel L. Harris; vice-president, E. W. Bond; secretary, William Rice; treasurer, J. D. Safford; directors, George E. Howard, Chester W. Chapin, J. M. Thompson, Horace Smith, Charles Merriam, Charles O. Chapin, James Kirkham, O. H. Greenleaf, John B. Stebbins, Samuel Bowles, the Mayor of the city, President of the Common Council and the Chairman of the School Committee. Auditors, J. H. Appleton, R. E. Hawkins; librarian, Rev. William Rice; assistant librarians, Arthur N. Brown, Miss H. E. Child.

The new Library building ranks among our finest public edifices, and cost, with the land, about \$100,000. It was designed by George Hathorne of New York, and built of brick, with facings of granite and Ohio stone; it stands 60 feet from the street, and is 100 feet long and 65 wide. The Museum occupies the first floor, and above is the Library proper.

MUSEUM—Curators, C. A. Emery, C. W. Bennett, George Dimock, J. A. Allen and Solomon Stebbins. The Museum is now rearranged in the new Library building, and is open to the public on Wednesday and

Saturday afternoons from 2 to 6. This institution originated in 1860 with the Library Association, and occupied two rooms in the City Hall. It has about 1,500 species, and upwards of 3,800 specimens of shells, classified by Dr. George A. Otis, formerly surgeon of the 27th Massachusetts Regiment; also 9,000 specimens of insects; 1,000 specimens of stuffed birds; 120 stuffed quadrupeds, including two enormous wildcats killed in this county; 115 species of fish and reptiles; small cabinets of coral and crustacea; an extensive mineralogical cabinet; a large and very curious collection of fossils; numerous Indian and foreign antiquities, and several flags and various other trophies captured from the Southern rebels by our home troops. Additions are frequently made by the generosity of our citizens. Donations for the Library or Museum may be left with the librarian, Rev. William Rice.

THE ROMAN CATHOLIC MUTUAL INSURANCE CORPORATION OF HAMPDEN COUNTY—Organized May 24, 1877. Membership will be available only to Catholic males, resident in this county, between the ages of 21 and 50 (inclusive), and the membership fee will be: For those under thirty, \$1.50; 30 to 40, \$2; 40 to 45, \$2.50; 45 to 50, \$3. In each instance \$1 is taken from the membership fee for a relief fund. In case of the death of a member, each of the survivors is called upon to pay \$1, and whenever any fail within thirty-three days to do so, the loss is made up from the relief fund, so that in every case the family of the deceased will receive as many dollars as there are members at his death. No member who fails to pay an assessment can be reinstated except upon payment of the admission fee, the same as a new member. Expenses will be reduced to the lowest possible minimum, the secretary and all the officers serving without salary, and the secretary furnishing the use of his office without charge. The usual large expense of postage in sending

out notices of assessments, will be saved by forwarding a notice to each Catholic church in the county, and the priests will read them from the altar; and as every good Catholic is presumed to attend church, this notice is deemed sufficient. Officers—President, Right Rev. P. T. O'Reilly of this city; Vice-president, John Delaney of Holyoke; Secretary, John J. Moore of this city; Treasurer, Rev. J. J. McDermott, with a board of 42 Directors, of which the Bishop is Chairman.

Licenses and Stamps.

Licenses of various kinds are required for certain dealers and peddlers, before they can do business. The provisions of law in the matter are somewhat numerous, and are changed from time to time by new legislation. Some perplexity results, and it is said that people violate the Statutes in this matter, without knowing it, and have to suffer by forfeitures and fines. It has, therefore, been desired that the essential portion of the license laws, as affecting business people, be published here for ready reference.

MANUFACTURERS OR DEALERS IN CIGARS, TOBACCO OR LIQUORS, contribute very largely for the support of the government, and what is required of them by the

last enactment is thus stated by the Commissioner of Internal Revenue:

"The law of December 24, 1872, requires every person engaged in any business, avocation or employment which renders him liable to a special tax, to procure and place conspicuously in his establishment or place of business a stamp denoting the payment of said tax before commencing business. The taxes embraced within the provisions of the law above quoted are the following, viz.: Rectifiers, \$200; dealers, retail liquor, \$25; dealers, wholesale liquor, \$100; dealers in malt liquors, wholesale, \$50; dealers in malt liquors, retail, \$20; dealers in leaf tobacco, \$25; retail dealers in leaf tobacco, \$500; and on sales of over \$1,000, fifty cents for every dollar in excess of \$1,000; dealers in manufactured tobacco, \$5; manufacturers of stills, \$50; and for each still manufactured, \$20; and for each worm manufactured, \$20; manufacturers of tobacco, \$10; manufacturers of cigars, \$10; peddlers of tobacco, first class (more than two horses), \$50; peddlers of tobacco, second class (two horses), \$25; peddlers of tobacco, third class (one horse), \$15; peddlers of tobacco, fourth class (on foot or public conveyance), \$10; brewers of less than 500 barrels, \$50; brewers of 500 barrels or more, \$100."

PEDDLERS.—Extracts are given below from the fiftieth chapter of the Revised Statutes of Massachusetts, but changed essentially, in some portions, by subsequent amendments. The emendations up to the present time are here presented.

No license is required for peddling some articles, as appears from the following in the chapter mentioned above: "*Section thirteen*—Any person may go about from town to town, or from place to place, or from dwelling-house to dwelling-house in the same town, exposing to sale or selling fruits and provisions, live animals, brooms, agricultural implements, fuel, newspapers, books, pamphlets, agricultural products of the United States, and the products of his own labor or the labor of his family," but "no articles of the growth or production of any foreign country" are included in this free permit. Minors may be required to procure a license before they may sell articles that adults can sell without license, if a town or city by vote so direct.

Honorably discharged soldiers and sailors,

partially disabled by wounds or sickness in the service of the United States, may obtain a special State license to peddle without paying anything therefor, on applying to the Secretary of the Commonwealth, and presenting satisfactory proofs of such service, disability and discharge, and of personal identity.

Peddling is forbidden by law, in the case of certain articles, as will be seen, from *Section fifteen*: "The sale of spirituous liquors, playing cards, indigo, and feathers in the manner specified in section thirteen, is prohibited."

How to obtain a license for peddling, what must be paid for it, what sort of a "character" is needed, and what things may be dealt in, are set forth by the law in the chapter referred to, as amended at various times, in words following: "*Section sixteen*—The Secretary of the Commonwealth may grant a license to go about exposing to sale and selling any goods, wares of merchandise, not prohibited in the preceding section, to any applicant who files in his office a certificate signed by the mayor of the city or majority of the selectmen of a town, stating that to the best knowledge and belief of such mayor and selectmen, the applicant therein named is a citizen of the United States, or has declared his intention to become a citizen of the United States, and is of good repute for morals and integrity.

"The mayor or selectmen, before granting such certificate, shall require the applicant to make oath that he is the person named therein; that he is a citizen of the United States, or has declared his intention to become a citizen of the United States; which oath shall be certified by a justice of the peace and accompany the certificate. Every license so granted shall bear date the day it is issued, and shall continue in force one year and no longer. *Section seventeen*—The Secretary shall cause to be inserted in every license the names of such cities and towns as the applicant selects, with the sum to be paid to the respective treasurers thereof annexed, and shall receive from the applicant one dollar for each city or town so inserted. Every person so licensed may sell as aforesaid any goods, wares and merchandise, not prohibited in section fifteen in any city or town mentioned in his license,

upon first paying the sum so required to the treasurer of such city or town, who shall certify on the face of the license the sum so received. *Section eighteen*—Every person licensed under the two preceding sections shall pay to the treasurer of each city or town mentioned in his license, the sums following: For every town containing not more than one thousand inhabitants, according to the United States Census next preceding the date of his license three dollars; for every town containing more than one thousand and not more than two thousand inhabitants, six dollars; for every town containing more than two thousand and not more than three thousand inhabitants, eight dollars; for every town containing more than three thousand and not more than four thousand inhabitants, ten dollars; for every city and town containing more than four thousand inhabitants, ten dollars, and one dollar for every one thousand inhabitants over four thousand contained therein; but the sum to be paid to a treasurer shall in no case exceed twenty-five dollars. *Section nineteen*—Any person resident, paying taxes upon his stock in trade, and qualified to vote in city or town, may there expose to sale and sell goods, wares or merchandise, upon obtaining a license pursuant to the provisions of sections sixteen and seventeen, and shall not be required to pay to the treasurer of such city or town any sum therefor."

For a special State license, fifty dollars must be paid the secretary of the Commonwealth; and for a county license, one dollar to the secretary for each county taken, and an additional sum to the treasurer of such county, varying in amount from four dollars for the richest county, to one for the poorest county. Licenses may be transferred.

Peddlers must post and show licenses, as will be seen by the following:—"*Section twenty-four*—Every person licensed to peddle as hereinbefore provided shall post his name, residence, and the number of his license, in a conspicuous manner upon his parcels or vehicle, and when such license is demanded of him by any mayor, alderman, selectman, town or city treasurer or clerk, constable, police officer, or justice of the peace, shall forthwith exhibit it, and if he neglects or refuses so to do, shall be subject to the same penalty as if he had no license. So much

of this chapter as relates to hawkers and peddlers, or a synopsis thereof, shall be printed on every license."

Forfeitures for violation of this law are from fifty to one thousand dollars. Half the money thus obtained goes to complainant.

PAWNBROKERS, DEALERS IN OLD JUNK, AND INTELLIGENCE OFFICES, must procure license annually from the Mayor and Aldermen; and if they fail to do it, heavy forfeitures are incurred.

OWNERS OF DOGS must annually pay \$2 to the City Clerk the first of May, for license of a male, and \$5 for a female. A penalty of \$15 against an owner, and of \$100 against an officer for not complying with the law.

OTHER LICENSES obtained from Mayor and Alderman, are numerous, and are required for refining, storing or selling kerosene; for hackmen and truckmen; for innkeepers; for auctioneers; for intelligence offices, and for erection of new buildings, etc.

Hampden Park Association.

President, L. J. Powers; Secretary, and Treasurer, H. M. Phillips. Still keep up their organization as managers of public recreations and active sports.

Springfield Water Works.

The works are in charge of a Board of Water Commissioners, consisting of Charles O. Chapin, N. W. Talcott, and Samuel W. Porter. Charles O. Chapin is president, and Samuel W. Porter secretary of the Board; J. C. Hancock, superintendent; G. F. Farmer, collector. Office, 43 Bridge street. The supply of water for the low service is taken from the reservoirs bought of The Springfield Aqueduct Company, and the high service is supplied from the new reservoir at Ludlow. The storage capacity of the three low service reservoirs is as follows, viz.:

	GALLONS.
Lower Van Horn Reservoir,	78,655,000
Upper Van Horn Reservoir,	27,952,000
Lombard Reservoir,	8,970,000
	110,577,000

The capacity of the Ludlow reservoir is 2,132,817,000 gallons, making an aggregate storage capacity of two billion two hundred

and forty-three millions three hundred and ninety-four thousand gallons.

Annual rates for water—dwelling-house, for one family, \$8; two families, \$12. For one water-closet, \$4; and each additional water-closet, \$2; for one bath tub, \$4, and \$2 for each additional bath tub. Store, \$4; office \$2; manufacturing establishments, 75 cents for each employe. Stationary steam engine, working not over ten hours per day, to twenty horse power, \$5; over twenty horse power, special rates. Private stable for one horse, \$4; each additional horse, \$2. Livery stable for each horse \$2; building purposes, 10 cents for each hundred thousand brick used. Hose with nozzle not exceeding $\frac{1}{4}$ of an inch orifice, to be used not more than one hour a day, \$5.00. Used more than one hour a day, or with larger nozzle, special rates. Hotels and boarding houses, restaurants and saloons, blocks, markets, dye-houses, laundries, bakeries, private schools, churches and fountains, at special rates. Rents due on the first of April and October, and payable at the office.

United States Armory.

Commanding officers—James G. Benton, Colonel Ordnance Corps; Assistants to Commanding Officer, Captain George W. McKee, Lieutenant John E. Greer, Lieutenant David A. Lyle, and Ordnance Storekeeper and Paymaster, Major Edward Ingersoll. The post has at present a garrison of 30 enlisted men.

The arsenal, offices, store-house and principal shop are on nearly the highest ground in Springfield, on State street, and command a fine view of the Connecticut River and the surrounding country. The heavier operations required are carried on at the Water Shops on Mill River. Probably in no other part of the world has the manufacture of muskets been carried to such perfection. The breech-loader, model of 1873, which has been made here, was the combined result of the inventions and improvements applied by the government and the highest skill displayed by private enterprise, and it is probably the best breech-loading arm in the world.

The chief arsenal of the government for small arms is here, and there are now stored in it about 275,000 fire-arms of various kinds

for the military service. The present manufacture is about 100 rifles and carbines per day.

Most of the men work by the piece. The ten-hour law prevails, the working-hours being from 7 A. M. to 6 P. M. in summer.

During the war about 3,000 men were employed here, turning out about 1,000 muskets daily, but requiring some portion of the works to be run nights.

The Almshouse and the Poor.

The Almshouse and City Farm are on Boston road, two miles from City Hall, and are under the care of Mr. A. S. Pease. From 80 to 90 poor people have been supported here the past year. Temporary outdoor relief, in food, fuel, etc., was given to about 2,000 persons, by the Overseer of the Poor. The truant school is also at the Almshouse, with Miss Clara A. Pease as teacher.

The city's hospitality has been dispensed to about 2,000 persons at the City Hall, and 1,000 at Indian Orchard during the year ending March 31, 1878.

Jail and House of Correction.

Located on State street, opposite St. Michael's cathedral. Jailer, A. M. Bradley, salary \$1,500; assistant jailor, C. D. Billings; chaplain, Rev. William Rice, salary, \$300. There are, on an average, about 140 prisoners here, a few of whom are females. Of 800 committed to the house of correction last year, 650 were for drunkenness. Those under sentence make slippers, turning out about 1,000 pairs daily. Their labor is contracted for by L. C. Smith, at \$0.05 per day for each person in house of correction. The order and neatness which prevail are heartily commended by the legislative committee, as also the humane and intelligent management. Meeting on the Sabbath with preaching at 9 A. M. Sunday-school conducted by the chaplain, at 3.30 P. M., to which visitors are not admitted, unless they aid in this service. A library was added two years ago, by the generosity of our citizens, and consists now of about 500 volumes.

City Hospital.

Located on Boston road, east of the Armory. Superintendent and matron, Mr.

and Mrs. S. P. Howard. Patients pay from \$5 to \$7 per week, and have excellent care and good quarters; if so sick as to need extra nurses, an additional charge is made for these, and also for medical attendance.

"The Mercantile Agency."

231 MAIN ST., GRANITE BLOCK, OPP. MASSASSOIT HOUSE.

This Agency is the Oldest and most Reliable; the pioneer in the business, having been established in 1841, and has now seventy-eight offices, a greater number than those of its competitors combined, distributed through the leading cities of the United States. Canada, Great Britain, France and Germany; issues four reference books yearly, a semi-weekly sheet of changes, important business events, mortgages, judgments, etc.; and furnishes information in detail to its subscribers, upon the responsibility and credit of their customers.

 Also does the collection of past due and doubtful claims, for which business its facilities are unrivalled.

14 FRANKFORT STREET,

NEW YORK.

Established for the Copper-Facing of Type only.

Fonts of Three Thousand Pounds Guaranteed in a Week,

No. 82 BEEKMAN ST., New York, arch 22, 1877.
To the Newton Copper Type Company.

Gentlemen:—We have known of the advantages of Copper-Faced Type ever since its first introduction to the trade, and have ourselves used it as long as we have been in business. Copper-Faced Type will last many times as long as uncoppered in electrotyping or stereotyping, and preserve to the last a better average of condition. The process preserves the sharpness of the type admirably.

Yours truly,

SMITH & McDUGAL.

Office of WHEAT & CORNETT,

No. 8 SPRUCE ST., New York, May 8, 1878.
Gentlemen:—Having used Copper-Faced Type for newspaper and book work for a number of years, and found that we could get more than double the wear out of it, we have of late adopted Copper-Faced Type for job work, and find that in scripts and light or fancy types, it considerably more than doubles the wear without injuring the sharpness or beauty.

Yours truly,

WHEAT & CORNETT.

That one Font of Copper-Faced Type will do the work of two Fonts uncoppered, is abundantly demonstrated by the Testimonials of our patrons.

In estimating the cost of copper-facing at the following prices, the Quadrats and Spaces—usually one-fifth of the weight—must be deducted, as the letter ONLY is copper-faced, which makes the cost of copper-facing less than eighteen per cent. advance at present prices on the type-founders' bill.

Prices for Copper-Facing Type,

REDUCED.

Printers desiring their type coppered, are requested to bear in mind that we are not type-founders, that we neither buy nor sell type, but copper-face it only, at the order of printers or type-founders. They will therefore direct the founders with whom they deal to send their type to us, (the Patentees,) to be copper-faced, which, when finished, will be forwarded at once to its destination. Payment can be made to the founders, or directly to this company.

Springfield Union

DAILY AND WEEKLY.

Daily, \$7.00; Weekly, \$2.00 Per Annum.

The Daily Union

Is published every afternoon, and sent out through Western New England on the Evening Trains, and delivered throughout the City in time for tea-table reading every evening.

The Weekly Union

Is published every Thursday morning, on a large quarto sheet of 56 Columns, making it the largest paper published in Western Massachusetts. It is intended that it shall be the favorite, as it is the model paper of New England. Notwithstanding its size and superiority, it is published at the low price of \$2 a year, with large reductions to clubs.

To Advertisers.

The UNION has the largest circulation of any evening paper in Massachusetts, outside of Boston. In Springfield, and within a radius of Fifty Miles, taking in the flourishing villages of Chicopee, Holyoke, Northampton, Westfield, Palmer, Thompsonville, Suffield, etc., with altogether a population of near 100,000, the Union is literally read by everybody. It also circulates to a large extent in every town in Western Massachusetts, and in the neighboring towns in Connecticut, New Hampshire and Vermont, and its readers are the class of people advertisers most desire to reach,—intelligent, well to do, and who, to a great extent, make Springfield their trading head-quarters, thus making a first-class advertising medium for all kinds of business.

BELCHER & TAYLOR Agricultural Tool Company,

CHICOPEE FALLS, MASS.

Manufacturers of BULLARD'S HAY TEDDERS and RAKES.

STODDARD'S NEW BALANCE RAKE,

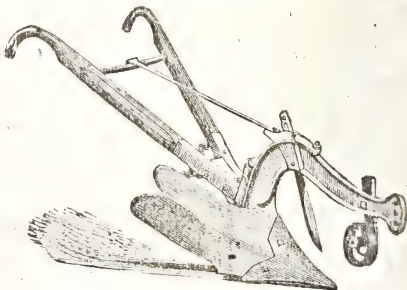

SOLE MANUFACTURERS OF THE

LION PLOWS, the Best Smooth Land Plow in the Market. The Noted CYLINDER PLOW, formerly made at Greenfield. Also the CONICAL PLOW.

In addition to our other Side Hill Plows, we are introducing

The Oneonta Clipper.

This Plow contains the most remarkable improvements made in Swivel Plows, and which the best New England inventors have failed in all their efforts to discover. It is the only Swivel Plow behind which the plowman can walk comfortably with both feet in the furrow while plowing. The SHIFTING HANDLES, vibrating from the center of the beam, bringing the coulter into position at each turn of the mold-board, enables the operator to walk square behind the plow, in the furrow. The Hook or Latch is operated by the foot, so that the Plow is turned ready for use *without taking the hands from the handles*. It is easy to handle, light to draw, firm, strong and durable. Also,

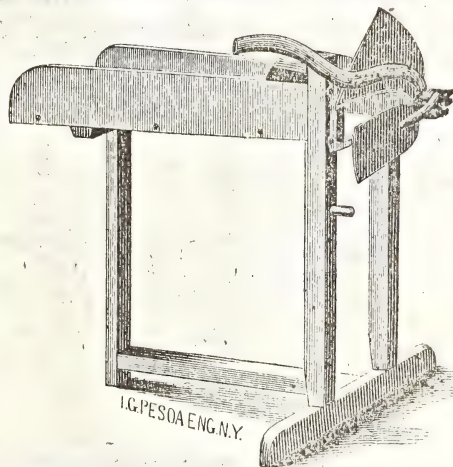

PROUT'S HOEING MACHINE.

Something new, and worth double its cost to any farmer.

We have the exclusive right for the manufacture and sale of the Famous RANDALL WHEEL-HARROW, with Frank Brammer's Improvements, for the River Counties in Massachusetts, New Hampshire and Vermont.

THE NEW YORK FEED CUTTER.

All Dealers and Farmers should beware of buying Lever Cutters infringing upon this patent.

We ask particular attention to the Self-Sharpening Feed Cutter, of which we have made and sold over Thirty-Six Thousand, and is more popular to-day than ever before. Perry's Shear and Lock Feed Cutter, a new Cutter and rapidly gaining in popular favor. One new and valuable feature is its lock, which prevents accidents to children when not in use. Gale's Junior Feed Cutter, a very popular Cylinder Feed Cutter. The New Lion Cutter, which was first introduced last April, is giving good satisfaction, as it can be easily changed from one length to another.

The RIGHT HAND CORN SHELLER, with which one man can shell corn as easily and as rapidly as two with the common Sheller. The Conical Silver Medal Plow, the best Plow for general use in the market.

Also manufacturers of all kinds of AGRICULTURAL IMPLEMENTS, among which are Cultivators of all kinds, Horse Hoes, Share's Tobacco Ridger, Harrows, Corn Shellers, Vegetable Cutters, Road Scrapers, and Warehouse Trucks.

Having facilities for procuring the best of timber, we take pleasure in saying that we warrant all goods made by us to be of the best material and workmanship. We invite the attention of Farmers and others needing Agricultural Implements to our stock. Circulars and prices sent on application. Address,

COLTON'S

Select Flavors,

OF THE CHOICEST FRUITS AND SPICES.

Introduced in a quiet way in 1860. In 1875, THOUSANDS OF GROSS had been sold to as fine a class of Dealers, Hotel Landlords, Confectioners, Families, etc., as there is in this country, and in every

CITY, TOWN AND HAMLET,

Where thoroughly introduced, their DELICIOUS PURITY and GREAT STRENGTH have made them the FAVORITES with those who prize the best and most economical.

MANY DEALERS

Who have for years sold other Flavoring Extracts, called best, (also those who have sold cheap extracts,) TREBLE THEIR SALES with COLTON'S SELECT FLAVORS, and place them in the FRONT RANK, as acknowledged

THE FINEST IN THE MARKET.

IT IS NOT CLAIMED that they are sold at the lowest prices per bottle, but IT IS CLAIMED that ONE-THIRD of the quantity is MORE THAN EQUAL to the ordinary Flavoring Extracts, and they are the

TRUE DELICIOUS FLAVORS OF THE FRUITS.

These Flavors cost but little more than other Flavoring extracts. They are STRICTLY PURE, a great saving in the Actual Cost, and you GET THE BEST,

SOLD BY GROCERS AND DEALERS.

At Wholesale in Springfield, Mass., by WEST, STONE & CO., and wholesale Dealers in Choice Flavoring Extracts.

New York Agency, Bogle & Lyles, 87 and 89 Park Place.
